OF TRENTO - Italy

CIMeC - Center for Mind/Brain Sciences

CiMeC
Center for Mind/Brain Sciences

Master's Degree in Cognitive Science

The program is offered at the world-renowned Center for Mind/Brain Sciences (CIMeC) and is characterized by training and research activities at highly qualified laboratories in the field of experimental psychology, brain-imaging (fMRI, MEG, EEG, TMS, etc.), animal cognition and computational linguistics. This opportunity provides the type of theoretical and technical skills to pursue doctoral studies or to gain a competitive edge in the job market.
