Data are rounded off.
Trento is one of the 10 IEEE smart cities in the world, has a very high quality of life and high academic standards, focusing on research, teaching, university facilities and services. A human scale city with efficient services, Trento provides the ideal learning environment to students and researchers.

The University of Trento is a dynamic, medium-sized, research-oriented university, with excellent teaching and research opportunities and top-notch facilities. It is located in the North-East of Italy, a short distance from Austria and Switzerland, in one of the most gorgeous natural environment in the world, the Dolomites, UNESCO World Heritage.
Academic offer

UniTrento offers a wide range of excellent Bachelor’s, Master’s and PhD’s programmes: their quality is the result of recognized scientific achievements, international cooperative projects, and effective worldwide industrial cooperation.

10th among the 53 Italian universities present in the ranking

QS World University Rankings 2022
#440
10th among the 41 Italian universities present in the ranking
Exchange students

Students interested in an exchange period at UniTrento should be firstly selected by their home university, both fulfilling the requirements of the specific international programme and those of UniTrento study courses.

UniTrento offers classes in foreign languages available at the following link: international.unitn.it/incoming/choose-your-courses. The admission to these classes is not always guaranteed: specific academic and linguistic requirements may be foreseen.

Furthermore, exchange students with Italian proficiency can attend classes taught in Italian.

The classes choice must be pre-approved by the home university and by UniTrento through a Learning Agreement, that the exchange student has to draft before the arrival.

For more detailed information please visit the web pages dedicated to the specific mobility programme:

international.unitn.it/incoming/programmes.

Exchange students application deadlines:

May 31st
for applications for the Fall semester (Sept-Dec)

October 31st
for applications for the Spring semester (Feb-Jun)
Degree seeking students

Students interested in attending a whole Bachelor’s or Master’s course at UniTrento can choose among different areas. Admission to the courses is selective and specific academic and language requirements apply to each course.

Interested candidates must submit a complete online application package typically between November and February, with an extended deadline for European students in June. Non-European students living abroad must pre-enrol at the Italian Diplomatic Representation of reference, typically between April and July.

Scholarships

Students admitted to the Bachelor’s or Master’s courses can be awarded a scholarship according to the following selection criteria:

- **Non-EU citizens living abroad**: admission score and academic performance. Top scored candidates will be entitled to receive a scholarship from UniTrento for the yearly amount of €7,200 that can be confirmed for the following year(s) according to the student’s performance (credits earned). Female non-EU citizens enrolling in a STEM study course (Science, Technology, Engineering and Mathematics) can benefit of a scholarship of 8,500 euros. Students who benefit from this scholarship are waived from tuition fees.

- **EU citizens and Non-EU citizens living in Italy**: financial situation and academic performance. After being admitted to the chosen course, students can apply for Opera Universitaria scholarships, awarded by the local University Guild, the amount for which is under review. Students who benefit from this scholarship are waived from tuition fees.

Degree seeking students in the frame of international mobility programmes (for instance: Erasmus Mundus Joint Master Degree, Double Degree) should refer to the requirements of the specific mobility programme.
Services and facilities for international students

Welcome service
International students are supported by the International Mobility Offices when they need to deal with visa procedure, health insurance, and general information on university life in Trento. Welcome activities are regularly organized to help international students to meet each other and get acquainted with the new surrounding environment: orientation weeks, welcome days, welcome drink.

Cultural Visits and Excursions
Guided visits in town and exciting excursions in the surroundings are organized once a month during the academic year.

Tandem Language Learning
It is an opportunity to improve skills in a foreign language outside the classroom, in a more relaxed and informal context. It is a meeting between native speakers of different languages who wish to improve their level of proficiency in a foreign language, by speaking together and learning about each other’s cultures.

Italy for beginners
A 30-hour-seminar offering to new-comers a wide overview on different aspects of Italian culture: from history to geography, from social to linguistic issues, from cinema to arts and literature. Participants get 6 credits.
**Tutor-buddy programme**

The Buddy programme is thought to help new students settle in to student life and studying and aims at offering informal and friendly support by current students to all international students.

---

**Accommodation**

International students are entitled to on-campus accommodation according to the availability of places. Degree seeking and PhD students are entitled to accommodation for the first academic year of their stay in Trento.

Maximum cost for on-campus accommodation:
- 270 euro/month in shared double room
- 330 euro/month in single room

---

**University Restaurants**

International students receive a University card to access the 5 University canteens in Trento. Students in Rovereto may access some restaurants at discounted rates.

---

**UniTrento Sport**

Members have free access to University sports facilities; discounts on town sports centres, swimming-pools, ski-lifts; possibility to participate in competitions, sports events.

---

**University Library System**

Access to university libraries and to the majority of library services is free and open to all students. The University Library System includes a Central Library, designed by the Renzo Piano Building Workshop and opened in 2016.

---

**Borrow a bike**

The Bicycle loan service offers to international students accommodated on-campus 250 bicycles.

---

**Bus pass**

Degree seeking and exchange students can buy a bus pass for 50 euros per academic year and use all trains and buses, both urban and extra-urban service, in the whole Trentino province.
**IT Services**

Students enrolled at UniTrento have open access to IT services: computer rooms, online networks and services.

**Test Centre**

UniTrento is test Centre for the following international tests:
- ECDL European Computer Driving Licence
- GMAT Graduate Management Admission Test
- TOEFL Test of English as a Foreign Language

**Language Centre**

UniTrento provides language courses in several languages, at different levels, taught by native speakers. FREE for foreign students in the frame of international mobility programmes, if foreseen in the study plan.

**On campus jobs**

Students enrolled at UniTrento have the opportunity to carry out paid part-time working activities at the University.

**Counselling**

A service of linguistic and intercultural mediation to help students with any relational problems. Moreover, a psychological service supports students in case of any difficulties during their stay in Trento.

**Job Guidance**

The Job Guidance Service of UniTrento organizes on a regular basis seminars with companies, on-campus interviews with recruiters, career days, individual coaching sessions and placement days. It also offers personal guidance for a successful career after graduation and it promotes and activates internships in public and private companies.

**Service for disability inclusion**

Students with a disability or special needs are entitled to a dedicated assistance service. According to the need, students are provided with technical and educational tools and receive a dedicated support. Beside a practical assistance, economic and accommodation facilities are also available.
