

INSURANCE FOR THESIS RESEARCH MOBILITY

CATEGORY G – students writing their final project (thesis) in Italy and abroad

Accident guarantee insurance for students enrolled at the University of Trento for the period of preparation of their final thesis at third party institutions in Italy (Republic of San Marino and Vatican City included) and abroad, under the following specifications:

- They were delivered a declaration from the responsible of the degree course/supervisor attesting the interest of the University of Trento in the final project (thesis);
- They were delivered a letter of acceptance from the hosting institution in Italy or abroad;
- They were awarded with the financial aid for mobility for thesis abroad.

Declarations shall be delivered via the appropriate forms provided by the University of Trento and authorised by the Director of the Department or Center, by the Commission set up for the mobility abroad or other body/person according to the internal regulations of the University.

Insurance coverage for students writing their final project (thesis) as described above is activated from the beginning of the stay at the enterprise /hosting institution (or any place outside the enterprise/hosting institution where they carry out their research activities, like construction sites, public or private offices, labs of third parties, archeological sites, etc.) as well for the duration of the journey from the place of residence/address for service to the enterprise/hosting institution site (or other sites of service) and return.

Following the agreement taken with the University of Trento, the reference person at the enterprise/hosting institution is to provide evidence through a registration or his/her declaration on the actual presence of the insurance holder at the service sites where students were designated for carrying out the thesis project.
