1. Within the deadline of Monday 21 February 2022, the winner must communicate by e-mail their confirmation of participation or renouncement of mobility for the destination of their interest, specifying in the subject "Bilateral agreements".

2. The scholarship winners who have also registered for another mobility within another international program during the same study abroad period must withdraw from the previously accepted mobility before sending confirmation of their participation in the mobility referred to in this announcement.

3. In case the highest ranked candidate does not accept the scholarship, the next suitable candidate in the ranking will be contacted by the deadlines in order to confirm their acceptance of the scholarship and registration at their chosen university.

4. The students to whom the scholarships are awarded must remain regularly enrolled at the University of Trento for the entire duration of their mobility period.

5. Assignment of the mobility scholarship is definitive only after the chosen Partner University accepts the selected student. Some partner universities may reserve the right to carry out further language tests or further evaluations of applications and/or request additional documentation and in case reject the application. Therefore, please check the Partner University's website ahead of time, as indicated in Annex 1 of call.

6. The actual ability to carry out the planned physical mobility will be subject to the evolution of the pandemic and to any decisions on the matter taken unilaterally by the partner universities.

7. It is the responsibility of the scholarship winners to verify the deadlines and procedures for submitting documentation pertaining to the Partner University's academic and linguistic requirements. It should be considered that this may have already been requested during application phase when the student sends their own data to the host university.

8. Scholarship winners are invited to:
   a) check the Ministry of Foreign Affairs website for any notices regarding travel safety and areas at risk;
   b) review and accept potential mobility conditions at the Partner University, such as methods of conducting online teaching, any access restrictions to basic services such as university student housing and canteens, etc. due to epidemics, pandemics or other causes of force majeure;
c) acquire adequate international health insurance that explicitly covers hospitalization and treatment costs due to epidemics and pandemics;

d) acquire travel insurance in the event of cancellations or delays due to epidemics, pandemics or other causes of force majeure;

e) independently inquire about the requirements for issuing a visa for the destination country.

9. Email address to be used to communicate confirmation of participation or renouncement:

   International Mobility Office - Science and Technology Area: mobility-st@unitn.it
   International Mobility Office - Social Sciences and Humanities Area: mobility-ssh@unitn.it
   International Mobility Staff - Cognitive Sciences Area: mobility/cs@unitn.it

Trento, 17.02.2022
